- Parent, students, educators, school board and councils, and the entire community are responsible for implementing and achieving the school’s goals.
- Each student is a valued individual with unique physical, social, emotional, and intellectual needs and may require special services or resources.
- A safe and physically comfortable environment promotes student learning.
- A student’s self-esteem is enhanced through developing and sharing mutual respect among students and staff.
- Challenging expectations and a supportive environment increase individual student performance.
- Students learn best when they are actively engaged in the learning process.
- All students can learn, achieve, and succeed when provided developmentally appropriate learning activities.
